STAFF HIGHLIGHT

*"I am truly honored to
be working with such
a great team"*

Ned Branch, Deputy Library Director

Meet the new Ventura County Library Deputy Director!

I came to the world of public libraries 10 years ago after more than 25 years in postsecondary education. In those ten years I came to understand what R. David Lankes meant when he said, "Bad libraries only build collections. Good libraries build services (and a collection is only one of many). Great libraries build communities." In the ten years I was the director of the Santa Paula library, I felt my mission was to do exactly that. In the short time I have been here, I have had opportunities to visit our libraries and to meet and speak with many of the staff. As a result of those opportunities, I know I came to the right place. Everyone has been supportive and welcoming. I am truly honored to be working with such a great team and great individuals. Another of my favorite library quotations is from Timothy Healy, who said, "The most important asset of any library goes home at night—the library staff." I could not agree more. - Ned Branch
